ILLUMINATED GLASS

Fully customizable graphics art embedded to glass pack helps deliver your message, brand or logo with a eye-catching yet strong style. Use our app to display your message, brand or logo with a wide range of RGB color configurations. Options are endless. App is available for any Android devices. Insulated glass units for refrigerator, freezers and other related products. Graph-XTM can be used in many types of glass packs applications. 12V or 24V power supply included. Size limitation depends on art-work.

PRINTED GLASS

- High Resolution Printed Artwork on Glass.
- Glass partitions for offices with custom artwork to suit your needs.
- Artwork can be edge lit or backlit so images really stand out.
- Custom backsplashes, signs, murals, countertops.
- Your favorite photo's printed on glass.
- Glass can be printed to emulate wood grain for sides of cases, **SAVE MONEY** by eliminating all the framing and laminate and use full glass sides instead.

INDUSTRIES

Specializing in insulated and heated glass applications, we offer our technology to the following industries:
